Costs arising from war and kindred risks

We will reimburse the costs that fall under the health insurance coverage (Standard or Extended), and under SOS insurance, even if these are incurred as a result of war and kindred risks. War and associated risks includes armed conflict, civil war, uprisings, domestic unrest, riots and mutiny. There is no coverage for damage caused by or arising from war and kindred risk occurring in the Netherlands.

What does OOM Studying Abroad Insurance Coverage compensate?

All compensations apply per insured person, per insured year or per insured period if it is shorter than one year.

We will only reimburse the costs listed below if they are medically necessary.

There is a maximum insured amount for healthcare insurance. This is the amount that OOM Verzekeringen pays per insured person in one insurance year or insured period for all medical costs together. This amount is:

- **Standard cover:** Up to € 1,500,000 per insured person per insured year or insured period if you are insured for a shorter period.
- **Extended cover:** Up to € 2,500,000 per insured person per insured year or insured period if you are insured for a shorter period.

Also, OOM will not reimburse any amount that exceeds the maximum charge rates approved by the appropriate authorities. In the Netherlands, that institution is the NZa. If you have taken out health insurance and you require medical treatment in the United States of America, Singapore, Malaysia, Indonesia, China, Hong Kong, Thailand, Mexico and the United Arab Emirates, specific obligations apply. You can find these in the Terms and Conditions of your health insurance.

Cost price means that we fully reimburse the costs.

There is coverage for the insurance policies when this is stated on the policy sheet.
